

Doug Dodge

Doug Dodge is a Canada Lands Surveyor and a British Columbia land surveyor from Williams Lake, BC. Doug was commissioned as a BCLS in 1976 and a CLS in 1982. During his career he has worked for and been a partner in Exton and Dodge where he has had the opportunity to work on projects throughout British Columbia specializing in rural land and resource development.

For the past 20 years Doug has also shared his time and expertise with the profession in roles such as serving on the Board of Management of the Association of BC land surveyors and Council of the Association of Canada Lands Surveyors not to mention many committees and tasks forces for both organizations.

During the past several years Doug has been mentoring the next generation and working through a succession planning process within his own organization. Doug will join Joe Johnson and JC Tetreault to present a seminar on the responsibilities of an organization's key professional transitioning into retirement.
